

CAPE KENNEDY: "White room" technicians atop Titan-II gantry gag it up with "Out of Service" signs around their necks as astronauts Wally Schirra and Tom Stafford (R) arrive to be inserted in their Gemini spacecraft. The gag

backfired a few minutes later, however, when Atlas-Agena target vehicle was lost after blastoff, forcing cancellation of the mission. NASA PHOTO via UNITED PRESS INTERNATIONAL TELEPHOTO.

For Second Week

State Legislators Return To Reapportionment Task

JEFFERSON CITY (AP) — Their special session one week old, Missouri legislators came back to the Capitol today to start gnawing again at the tough old bone of House reapportionment.

Sen. William B. Waters, D-Liberty, majority Senate leader, was optimistic that the Senate could complete its end of the job this week by working through Thursday.

The Senate Public Health and Welfare Committee meets tonight to act on major welfare program increases costing an estimated \$1,354,000. The Senate Reapportionment Committee takes up the governor's proposal for house redistricting Tuesday afternoon.

Quick committee action would put both programs in line for passage by Thursday.

But there was no such prospect of early agreement in the House.

The House Apportionment Committee heard the gov-

ernor's redistricting plan last week and has scheduled a meeting for Tuesday afternoon to consider others. They include the one being pushed by the House leadership to let the Democratic and Republican caucuses of the House, instead of the governor, choose the redistricting commission.

Around the edges of the House battleground there was some talk of a possible compromise between the warring factions but it had not jelled into a solid plan as the week opened.

One possibility being discussed was a plan to have the congressional district committees of the two parties name the commission to draw new House boundary lines.

This would conform at least in part with the governor's insistence that the House should have no hand in setting up the commission.

Whatever is recommended by the House committee, headed by Rep. Robert H. Frost, D-Clinton Co., it seemed certain the real battle would be fought on the floor with many different ideas being proposed as substitutes for the committee version.

With luck the whole argument could be settled in two weeks but few observers are that optimistic at this point.

Red China, India Clash At Meeting

ALGIERS (AP) — India and Red China clashed violently Sunday night at a meeting of the preparatory committee for the Afro-Asian summit conference, diplomatic sources reported.

Red China has demanded the indefinite postponement of the conference, due to open Nov. 5. India has led the opposition to the Chinese demand.

Chinese Ambassador Tseng Tao told the 15-nation committee that Indian intrigues were dividing the Afro-Asian world, the sources said.

Tseng accused India of plotting to bring the Soviet Union into the conference against the wish of the "anti-imperialist camp." He also said India had helped to create an atmosphere unsuitable to an Afro-Asian solidarity conference by "aggressive acts" against Red China and Pakistan.

Tseng also complained that the Algerian government had invited U.N. Secretary-General U Thant to the summit meeting without consulting the preparatory committee.

Indian Ambassador R. Gohardun told Tseng "It will become a country guilty of naked aggression against India to come here and preach Afro-Asian solidarity."

Informants said he warned Tseng that if he continued his "polemics" in the committee, India would raise the Chinese Communist involvement in the Kashmir conflict and in the short-lived Red uprising in Indonesia.

The Weather

Fair and not quite so cold tonight with low 40 to 45. Tuesday fair and cooler with high 60 to 65.

The temperature Monday was 42 at 7 a.m., and 58 at noon. Low Sunday night, 38.

The temperature one year ago today was high 79; low 51; two years ago, high 82; low 64; three years ago, high 50; low 30.

World News Briefs

CAPE TOWN, South Africa (AP) — Sen. Robert F. Kennedy has agreed to address a multiracial student rally in Cape Town next May, but the sponsors don't know whether the South African government will admit the New York Democrat to the country.

Nor is it known if the government will permit the meeting. Officials have threatened to suppress the student organization sponsoring the rally.

Officials in Pretoria, the administrative capital, said they knew nothing of a visit by Kennedy.

KUALA LUMPUR, Malaysia (AP) — Malaysia warned Singapore Premier Lee Kuan Yew today against resuming barter trade with Indonesia without the Malaysian government's approval.

Prime Minister Abdul Rahman's Cabinet held an emergency meeting after press reports that Singapore proposed to re-establish barter trade with Indonesia using an island off Singapore as a trading post.

Trading between Indonesia and Malaysia — which then included Singapore — was broken off as part of Indonesian President Sukarno's campaign to crush Malaysia.

The agreement separating Singapore from Malaysia binds both governments to avoid international commitments that might endanger the other. Rahman has hinted he is prepared to use force if necessary to see that the pledge is kept.

LONDON (AP) — Franz-Josef Strauss, former West German defense minister, says a pool of British and French nuclear arms might serve West Europe better than a multilateral or American nuclear force.

Such a plan, he said in a British Broadcasting Corp. television interview Sunday, could be a "European force of the future."

"It would be a good thing for the Atlantic alliance," said Strauss, "if there were two nuclear centers — one in the United States and one in Europe. Now we have three — a very strong one in the United States and two smaller ones in Europe."

Peace Force Moves Into Rebel Sector

SANTO DOMINGO, Dominican Republic (AP) — Troops and tanks of the Inter-American Peace Force moved into the rebel sector of Santo Domingo today to help restore peace to the tense city.

Provisional President Hector Garcia-Godoy asked for the patrols because of "the grave situation" in the city, an official peace force announcement said. Violence stemming from continuing bad relations between rebels and the military chiefs has resulted in at least nine deaths in the past week.

It was the first time the peace force, made up mostly of U.S. and Brazilian troops, had entered the rebel zone on an operation of this kind.

Other units fanned out through the rest of the city.

Garcia-Godoy requested the patrols after unidentified gunmen assassinated Aquiles Leyva Mattos, administrator of a sugar mill and a member of the Dominican Revolutionary party.

A member of the armed forces, Capt. Mario Dujarric, was shot to death in Santiago, the country's second largest city 85 miles northwest of the capital. Miguel de Jesus Haddad, governor of Valverde province and also a Revolutionary party member, was slain in the town of Mao Saturday.

Heavy Guard For Wilson In Rhodesia

SALISBURY, Rhodesia (AP) — A heavy police guard stood by for British Prime Minister Harold Wilson's arrival today in Rhodesia on his mission to prevent the African colony's white rulers from seizing independence.

Police expected a rash of Negro demonstrations. They threw up tight security precautions at Salisbury Airport, where thousands were expected for the arrival of Wilson and Commonwealth Secretary Arthur Bottomley after an overnight stop at Cyprus.

There were reports some police units had dogs and tear gas.

Police patrols were beefed up in the city's Negro townships. Four Africans were arrested Sunday for waving antigovernment banners.

The British leader left London Sunday on his late-hour effort to deter Rhodesian Prime Minister Ian Smith from declaring unilateral independence.

Smith has demanded immediate independence from Britain for the colony to preserve white rule. Wilson, under heavy Commonwealth and United Nations pressure, insists on safeguards to insure the black majority power eventually.

Wilson has indicated he intends to have interviews also with African nationalist leaders Joshua Nkomo and Ndabangini Sithole, and other spokesmen for various groups. Nkomo and Sithole are confined in government restriction camps.

Space Target Lost

Scrub Launch Of Astronauts

CAPE KENNEDY, Fla. (AP)—Launching of the Gemini 6 astronauts on man's first attempt to catch and join an orbiting satellite was postponed indefinitely today when their Agena spacecraft target was lost in space.

Flight Director Christopher C. Kraft Jr. scrubbed the launching of Walter M. Schirra Jr. and Thomas P. Stafford when it was determined that the Agena apparently crashed into the Atlantic shortly after launch at 10 a.m. EST by an Atlas booster.

Peace Prize Is Awarded To UNICEF

OSLO, Norway (AP) — The Nobel peace prize has been awarded to the United Nations International Children's Emergency Fund, the Nobel committee announced today.

The award was made by the five-member committee of the Norwegian Parliament. The prize consists of a gold medal and a cash award of 282,000 Swedish kroner (\$51,788).

Since the prize was first awarded in 1901 it has been given to 52 persons and eight institutions.

UNICEF was founded by unanimous decision of the United Nations General Assembly on Dec. 11, 1946.

Originally UNICEF was formed to help child victims of war in Europe and Asia. On Dec. 1, 1950 the U.N. assembly decided UNICEF should concentrate on aiding children in underdeveloped countries.

Eleven Die In Traffic On Weekend

Eleven persons were killed in traffic accidents in Missouri over the weekend.

In a head-on car and pick-up truck collision on M51 3 miles south of Broseley, Mo. on Sunday, T. J. Patterson of Fisk, Mo. and William H. Wilson, 21, of Broseley, were killed.

Bert C. Roberts, 80, of Stover, Mo., was fatally injured Saturday when he was hit by a car as he crossed Highway 52 in Stover. Roberts died about three hours after the accident in a Sedalia hospital.

A car-truck collision on U.S. 65 about 6 miles south of Lincoln Saturday took two lives. The dead were Mrs. Betty Schultz, 40, of Sedalia, and Chester Leon Golden, 32, of Hermitage, Mo., both occupants of the car. The driver of the pickup truck was Leon Sessler, 18, of Fulton.

Michael Alois Ott, 53, Desoto, Mo., was killed in a two-car collision Saturday at the intersection of U.S. 50 and M89 near Linn. Six persons were injured.

Four young people were killed Friday night in a head-on crash of two cars in Miller County on Route C.

The dead were Gary Meads, 20, of Roach, Mo.; Loretta Phillips, 21, Buck Phillips, 16, and Walter Ash, 18, all of Brumley.

The cars met at the crest of a hill. Sharon E. Cohn, 18, St. Mary's, Mo., was killed in a two-car accident Friday night on U.S. 61 just south of Perryville. She was a passenger in a car driven by Jimmy Worley, 33, of St. Mary's.

Worley's car and one driven by Junior Lee Burton, 37, of near Sikeston, collided. Both drivers were injured as were three passengers in Burton's car.

One person was killed in traffic accidents in Kansas over the weekend.

Smoking In Bed Blamed For Death

BUTLER, Mo. (AP) — Jesse Lee Appleberry, 39, died Sunday of burns suffered in a bedroom fire at his home in Butler. The fire occurred Saturday evening while Appleberry's wife and eight children were away. Fire Chief Pat Medley said the blaze apparently was caused by smoking in bed.

At Plei Me

Help Reaches Besieged Post

SAIGON, South Viet Nam (AP)—A Vietnamese regiment led by armor reached the beleaguered outpost of Plei Me Monday night without encountering any significant Viet Cong opposition, a U.S. spokesman announced.

He said the relief column was stationed just outside the Special Forces compound because there was no room inside.

The spokesman said that based on incomplete reports the Viet Cong apparently offered no opposition from its dozen or more machine gun emplacements around the camp.

If the operation follows past patterns the government forces will immediately launch operations to clear the countryside of Viet Cong. The defenders already were sending out patrols under Viet Cong mortar and machine gun fire.

A U.S. informant at Pleiku, 25 miles north of the fighting, said the 300 Montagnard defenders and 10 to 12 U.S. advisers had come through the worst of the Viet Cong siege.

The informant said the enemy forces had suffered 750 casualties in the seven days of fighting from both ground and air attacks. He added that many of the casualties were North Vietnamese army regulars who entered the fight as part of a regiment from North Viet Nam.

A U.S. officer who went out on patrol from Plei Me said he counted 100 Viet Cong bodies. He said some had been chained to their automatic weapons.

A relief column consisting of a government regiment with a spearhead of armor had ad-

Buffalo's Gymnasium Destroyed By Blaze

BUFFALO, Mo. (AP) — The Buffalo High School gymnasium was destroyed by fire Saturday and a nearby classroom building was damaged by heat and smoke.

Dillard Mallory, superintendent of schools, said the building was a loss of \$265,000 to \$275,000, but he couldn't estimate the value of the contents. "Nothing was saved," he said. There was some insurance. Mallory said, adding: "We will rebuild."

Firemen expressed belief the fire was caused by leaking propane gas.

Answers Fulbright

LBJ Would Call Off Raids With Peace Talk Indication

JOHNSON CITY, Tex. (AP) — President Johnson is circulating in public once more and even doing some speedboating while settling down for an extended recuperation at his ranch home.

Johnson, who flew to the ranch Saturday for a stay of several weeks, made his first public appearance Sunday since his Oct. 8 operation.

With Mrs. Johnson, he attended Communion services at the First Christian Church here and heard Pastor Ray Akin, a lay minister, thank God "for our leader's rapid recovery."

Johnson, who freely concedes it will be some time before he feels fully up to par, later displayed some of his old zip as he whipped his 18-foot speedboat through some tight circling maneuvers on Lake Lyndon B. Johnson, north of the ranch.

The President walked gingerly, however, as he approached the boathouse for his aquatic outing. In church he eased himself up and down because of continuing pain from the incision made for his operation.

As he told reporters at an informal news conference aboard his plane during the flight to Texas: "I hurt good — if you know what I mean."

Johnson, who said, "I feel sometimes like I have a baseball right here in my right side," vowed he would "stay

every minute I can" at the ranch during the next couple of months. However, there may be occasional trips back to Washington.

Because of the President's baseball allusion, most newsmen and photographers who watched his speedboating were surprised. They had thought he would confine himself to cabin cruiser jaunts for a few weeks, because speedboats can deal out a stiff jolt in choppy water. The water was choppy under a steady breeze.

While Johnson relaxed, associates talked freely about the President's reaction to the 1965 Congressional session and his anticipation of next year's session.

They said he tells them he will push hard, come January, for enactment of 23 major administration bills sidetracked this year. These range from repeal of Section 14B of the Taft-Hartley Act — permitting states to outlaw union shops — to home rule for the District of Columbia.

In Johnson's view, say those who have talked to him, the 1965 Congressional session outstripped in accomplishment any other in this century.

And, they say, Johnson argues that the administration's 1965 record in foreign affairs actually has bettered its domestic performance — principally because

vanced to within about four miles of the camp by tonight after beating off an ambush and killing an estimated 250 guerrillas at Plei Ya Dran, a village on the way. Government casualties were reported light.

One informed U.S. source in Pleiku said the major fighting appeared to be over, even though the Viet Cong maintained their positions around the camp.

A U.S. medical helicopter braved the ring of enemy machine guns around the post to bring out a wounded American and four wounded Vietnamese. U.S. spokesmen said casualties continued light among the garrison of 300 Montagnard tribesmen and 10 to 12 U.S. advisers.

Use Cannon In Opening Bank Vault

SYRACUSE, N.Y. (AP) — A cannon was used to blow open the vault inside the Brink's Co. branch office here and nearly half a million dollars was reported missing today.

The manager of the office discovered the money missing when he reported to work.

He said the cannon, of an undetermined caliber, was hauled into the office Sunday night inside a truck.

Frank Steier, the manager, reported only one-fourth of the loot was negotiable. The remainder was in checks.

Police said an acetylene torch and "quite a few" cannon casings were found in the area of the vault.

A tripod, normally used to mount light cannon, also was among the items.

Detectives reported that the vault had been lined with mattresses, apparently to muffle the sound of firing.

The Federal Bureau of Investigation was called into the case minutes after the loss was discovered.

Investigators said the burglars "left behind as much as they took."

Police expressed belief that the vault was blasted open Sunday night. They did not spell out their reasons for that belief.

Police sealed off the area and investigators swarmed over the premises in a search for more information and clues.

Ann Landers

Answers
Your
Problems

Dear Ann Landers: I am 22, a secretary with a problem that is driving me nuts. There's a girl in town who bears a striking resemblance to me. She's a model—the kind who is on call any hour of the day or night. She will pose in various states of dress or undress if the price is right. And finally, she entertains at stag parties as a so-called exotic dancer.

Whenever anyone says, "You look awfully familiar," I get the shakes. I imagine men are nudging each other in elevators and whispering behind my back. This terrible thing is giving me a complex.

When someone says "Haven't I seen you before?" shall I tell them about my double and explain that I am a respectable secretary with no sidelines? Help! Help! — CARBON CRISIS

Dear Crisis: Concentrate on letting people know who you ARE rather than who you AREN'T. In spite of the striking physical resemblance your manner of speech, dress and general behavior should easily distinguish you from Miss Double Exposure.

Dear Ann Landers: Our neighbor died yesterday. We were not close friends but she was a pleasant woman and we were sorry.

My husband and I went over to pay our respects and this is what happened. The woman's son pulled my husband off to the side and asked if we planned to send flowers. My husband replied "Yes." The son said, "We'd rather have the money instead. Mother's illness cost a lot and the funeral will be expensive, too. Do you mind giving me a check to help us out?"

My husband was dumbfounded but he took \$10 out of his billfold and handed it over. When we got home he told me about it and I blew my top. My husband asked me to write and get your opinion. He doesn't see anything so terribly wrong with it. Do you? — A. STONISHED

Dear A.: I see plenty wrong with it. Friends should not be asked to pitch in and help defray hospital bills and funeral expenses. Your neighbor's son is a clod and I'm sorry your husband fell for his pith.

Dear Ann Landers: Jack and

Competition May Ditch Perry Mason

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) — "Perry Mason" is having a tough time this season — with "Bonanza" competing on one network channel and a feature movie on the other. The eight-year-old CBS show deserves a better fate. By this season's standards it's generally a darn good show.

Before each of the past few seasons the word went out that efforts were in progress to simplify the story lines. Truth to tell, "Perry Mason" for the past two or three years often was difficult to follow to any logical conclusion. Sometimes when a courtroom spectator jumped up and confessed they seemed like strangers.

This year things are a lot better. Sunday night's episode was a good example. The first part of the show established that a fellow was an obvious fortune hunter preparing to marry an innocent widow with a nice little ranch. He was even preparing a will in his favor to be signed when they were married. He acted like a fortune hunter — but experienced "Perry Mason" viewers knew he was okay — the puzzle is never that obvious.

Then the widow sipped some poisoned lemonade and departed — and that too was significant to veteran Mason-watchers. It is against the show's rules to summarily dispatch one of the nice characters.

The problem, of course, is to try to figure out in advance which of the other characters will jump up and admit the crime in the courtroom scene. Sunday night's murder worked out to a sensible, logical conclusion.

In addition to remaining a mystery show which emphasizes a puzzle, the show has another plus. Nobody has his tongue in cheek. Everybody plays the murder game straight. And Perry always comes through on schedule.

It apparently is the last year

its self-censoring production code?

The answer is no — despite a flurry of news stories last week that Hollywood was preparing to scuttle the code in favor of individual review of each film on its merits of taste and morality.

But the movie companies are definitely headed in the direction of a smaller, less stringent code which could be administered with greater elasticity.

The matter of morality on the screen has been a touchy one since the earliest days of films. A prolonged smooch in the 50-foot "The Kiss" (1896) outraged the moralists. Protests have continued to the present day ("Kiss Me Stupid," "What's New, Pussycat") and are likely to go on as long as there are movies.

But moral attitudes have changed since 1933, when the major portions of the production code were adopted.

The most recent change in the code was in 1956 but the basic provisions are the same: no profanity, no nudity, no glorification of crime, sin, adultery, etc.

Anyone who has seen recent films knows that the code is now enforced as effectively as was the 18th Amendment.

For a year and a half, the major companies that comprise the Motion Picture Association of America have discussed updating the code to meet today's standards.

The cause celebre of forthcoming code revisions may well be "The Pawnbroker."

The Rod Steiger film featured brief shots of nudity, which is specifically banned by the code.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

But the code administration made an exception and handed a seal to "The Pawnbroker" because of its artistic merit.

Some observers feel this is a hypocritical situation. Obviously the code is not realistic when exceptions can be made.

The film industry moves slowly, and it may be months, even years, before what is actual

practice can be formulated into a revised code. But the change seems inevitable.

President Labels Congress Most Effective In History

EDITOR'S NOTE — "Busy" is the word to describe the first session of the 89th Congress. So busy, in fact, that its mass of legislation will affect the life of just about every American. This is the first of five articles dealing with the accomplishments of a historic session.

By WALTER R. MEARS
WASHINGTON (AP)—A tidal wave of legislation that reaches into almost every segment of American life is the legacy of a Congress that President Johnson has labeled—at its midpoint—the most effective in history. During its first session, the 89th Congress swept into law a vast range of Johnson proposals to spur American education, combat poverty, insure the nation's elderly against the economic ravages of illness, cut excise taxes, and boost Social Security levies.

It acted to cut scarce silver out of quarters and to make more gold available for international exchange. It moved to curtail scenery-hiding highway billboards and offer a helping hand to the arts in America.

And to do all this, it appropriated more money than any Congress since World War II. The grand total is around \$118 billion. That is second only to the

Extrasensory Perception In Sets of Twins

PHILADELPHIA (AP) — An experiment by two Jefferson Medical College eye specialists has resulted in finding two sets of identical twins with what the doctors call "electronic extrasensory perception."

The results of the experiment, conducted by Dr. Thomas D. Duane, professor and chairman of ophthalmology at Jefferson, and Dr. Thomas Behrendt, chief of research in the ophthalmology department, were published in Science, the journal of the American Association for the Advancement of Science.

The experiment was to place one twin in each of two rooms, 20 feet apart, hook them both into a brain wave measuring device and see if a signal induced in one twin would appear simultaneously in the other.

The doctors said it worked with the first set of twins, 27-year-old resident orthopedics at Jefferson.

By inducing one twin to close his eyes through the rhythmic brain waves, the same thing happened to the other twin at the same time.

All ordinary means of communication were ruled out. The subjects did not even know what the experiment was about.

The researchers advertised in Philadelphia newspapers for other identical twins. They checked 16 sets and found one other example of the phenomenon.

The researchers said that the experiments "do not permit us to draw any conclusions regarding the incidence of this phenomenon."

But, Dr. Behrendt said, "I just don't say that anything is impossible."

According to Dr. Duane, "The interesting thing is, we aren't at all experts on ESP — we have done no work in this area. We just have this one very interesting finding, which we wanted to publish to get on the record."

\$147 billion appropriated in 1942, with America at war.

If you are a wage earner, you're getting some income tax relief, but you face a boost in your Social Security tax payments next year. So does your employer.

And your share of the national debt is bigger than ever. By next July, the total is expected to be \$322.5 billion—or \$1.627 for every man, woman and child.

Congress has boosted the temporary national debt limit to \$328 billion.

During the current bookkeeping year, interest on the debt will total about \$11.5 billion, up \$500 million from last year's figure.

Total appropriations are up about \$12 billion from the figure voted by the previous session of Congress.

Defense spending is up about \$800 million. And about \$2.4 billion of the defense budget was voted specifically to pay for the war in Viet Nam.

Two revenue steps that may have the most direct effect on you are a tax cut—and a tax increase.

Social Security taxes are going up by about \$5 billion next year to finance increased pension payments and medical insurance.

That means an increase of \$103 in Social Security levies for every worker who earns more than \$6,600 next year. Employers face an increase, too.

Another boost of \$13 is in prospect in 1967, \$33 more in 1969. By 1973, if the law passed this year stands unchanged, the worker will be paying \$365 a year, his employer matching it.

For the typical wage earner, increased Social Security taxes will eat up about 60 per cent of the income tax cut he got from the last Congress.

This year's tax reduction was in excise taxes—a total cut of \$4.7 billion in three stages. The first step already is in effect.

But the tax cuts don't automatically go to you as a purchaser. They were levied at the manufacturer's level. President Johnson has told the Commerce Department to prod manufacturers who have not passed on the reductions.

Johnson's economic advisers still are keeping an eye on the retail-level impact of the tax-cutting measure.

They figured by mid-July that some 75 per cent of the immediate reduction, or about \$1.7 billion a year, had been passed on in lower consumer prices.

Excise reductions were noted in the prices of items ranging from automobiles to home per-manents to mechanical pencils.

Then, when 1966 automobile prices were announced, the Federal Reserve Board reported they had been adjusted downward to take into account the excise tax cuts—but they also reflected the additional cost of newly introduced safety features.

The result, the board said, was a price range about the same as that a year ago.

Tax reductions on automobiles and telephone calls will not take their final downward step until Jan. 1, 1969.

The automobile excise was cut from 10 to 7 per cent—an average of \$70 on a new car—in the first stage. The later reductions will peg the tax at a permanent one per cent level.

If the full impact of the excise

tax cuts on other items is passed on to you as a consumer, a \$35 suitcase should cost you \$3.50 less; a \$129.50 television set should be \$10 cheaper than before.

Despite the reduction, Americans still are paying more than \$10.5 billion in annual excise taxes that remained untouched—mostly on liquor, cigarettes and gasoline.

If you're planning a trip abroad, you may well feel the impact of a congressional step aimed at one of the government's bi economic problems—the outflow of U.S. gold.

Congress has enacted a series of banking and finance bills designed to ease that problem. One of them eliminates a requirement that the Federal Reserve System maintain gold stocks equal to 25 per cent of the deposits it holds from member banks. The effect is to free nearly \$5 billion in gold which now can be used to redeem U.S. dollars held by foreigners.

Another measure is more likely to bring the gold drain problem to the doorstep of many Americans.

If you go on vacation overseas, you can bring back duty free purchases worth no more than \$100 at retail. That's about \$67 less than the old system, based on wholesale prices. At one time, the limit was \$500 in wholesale value.

Johnson figures that will keep at home about \$60 million a year in U.S. dollars that would otherwise have been spent abroad.

Taking it one step further: Tourists now are allowed to bring home only one duty-free bottle of low-priced foreign liquor.

Another close-to home reminder of the busy 89th Congress will be in your change pocket soon. The coins you use will be different. By early next year, you'll probably be carrying sandwich-style quarters of copper-nickel alloy, with pure copper cores.

Silverless quarters already are being produced at the Philadelphia mint. The mint also will produce sandwich style dimes, and half-dollars with reduced silver content.

The old quarter was about 90 per cent silver, and had a metal value of about 24 cents. The new one is made of raw materials worth about a penny.

The administration said the coinage change was necessary to conserve silver for other uses.

You'll also be seeing soon the impact of certain other congressional steps:

—If you drive a car, the \$3 billion authorized for federal aid on interstate highway construction will some day speed your travel. It is the largest one-year authorization to date for work on the 41,000 mile system of superhighways.

—If you're in the service, you have been receiving since Sept. 1 a share in a billion-dollar military pay raise. It provides increases ranging from 6 per cent for officers with more than two years service to 33.7 per cent for a corporal who has been in uniform less than two years.

—If you are a businessman, a

bill Johnson called "the sleeper" of the congressional session may help put into your hands the fruits of industrial research. That \$60-million, three-year measure is designed to create federal-state pools of technical information and help industries swap business know-how. It is intended to help small businesses which cannot afford to conduct expensive research on their own.

—Cotton farmers, for the first time, will receive direct price

support payments. Growers who cut their current acreage allotments by at least one-eighth will qualify for direct government payments of nine cents a pound on the cotton they do produce.

Otherwise, the farm program Congress approved is in general the same as those of recent years. And it is expected to cost the taxpayer about \$4 billion for the next growing season.

Next: Health and pensions.

OBITUARIES

B. J. Bahner (Sedalia)

Bernard Joseph Bahner, 75, 121 South Grand, died at 7:30 a.m. Sunday at Bothwell Hospital.

Born June 6, 1890 in Sedalia, he was the son of the late Louis and Alvira Stipe Bahner. He attended parochial school in Sedalia. On Oct. 11, 1911, he was married at Sacred Heart Church to Miss Madge Trigg. For many years he had a sheet metal shop in Sedalia, and for 14 years was chairman of the Catholic Community Center, giving the chairmanship up two years ago because of ill health.

He was a member of the Sacred Heart Church, the Holy Name Society and the Knights of Columbus.

Surviving are his wife, Madge, of the home, three daughters, Mrs. Lucy D. (Mildred) Curry, 121 South Grand; Mrs. George (Margaret) Phillips, 820 West Seventh and Mrs. Dwane (Charlotte) Smith, Raytown; one sister, Mrs. Leo Kilgore, Los Angeles, Calif.; one brother, Arthur J. Bahner, Topeka, Kan., eight grandchildren and ten great grandchildren.

Preceding him in death besides his parents were one daughter, Mrs. Docia Marie Caskey, and three brothers, Leo, Carl and Francis Bahner.

Funeral services will be held at 10 a.m. Tuesday at Sacred Heart Church with Rev. William Miller to officiate.

Pallbearers will be: Theodore Eschbacher, Ernest Grinstead, R. W. Bus, Louis Dickman, Emil Lueck and Claude Boul.

Honorary pallbearers, all past grand knights of the Knights of Columbus, will be: Paul Burke, Tom Keating, Andrew Kramer, Frank Mehl, John McCloskey, Larry Riley, Charles Schauwecker, George Stohr, Steve Timbious and James White.

Burial will be in Calvary Cemetery.

The rosary will be recited at 7:45 o'clock tonight at McLaughlin Chapel.

Ernest Sibert (Omaha, Nebr.)

Ernest L. Sibert, Omaha, Neb. former Sedalian, died Sunday at the Veterans Administration Hospital at Omaha.

Born on a farm about a mile west of Sedalia on March 20, 1894, he was the son of Michael Harvey and Lavice Long Sibert. After graduation from the Sedalia High School he attended the University of Missouri, Columbia. He was married to Miss Mabel Tanksley of Sedalia, who survives. Volunteering in World War I, he was in the 29th Infantry, Machine Co., 35th Division.

Surviving besides his wife, Mabel, of the home, are three children, Mrs. B. E. (Marilyn) Kiffin, Kansas City, Kan.; Mrs. John (Dorothy) Bowers, Omaha, Neb.; and Robert L. Sibert, Wichita, Kan., one brother, Lawrence Sibert, Kansas City; and a number of grandchildren. Sisters-in-law are: Mrs. William A. Schien, 1220 South Barrett; Mrs. Everett French, Joplin and Mrs. Ernest Sibert, Kansas City.

Preceding him in death besides his parents was one brother, Harvey Lyell Sibert, who was killed in World War I.

Funeral services will be held at Omaha where burial will be also.

Parents Accused In Child's Death

ST. LOUIS (AP)—A man and his wife who were sentenced in 1963 for allegedly beating the woman's five-year-old son have been charged with second-degree murder in the death Saturday of their three-year-old son.

They are Mr. and Mrs. Robert R. Forester of St. Louis. Answering a call by a neighbor police found Robert Forester Jr. dead. Hospital examination showed he had multiple bruises.

Mr. and Mrs. Forester were sentenced to nine months in the city workhouse two years ago on charges of beating Mrs. Forester's son.

Anna Elizabeth May (Knob Noster)

Mrs. Anna Elizabeth May, 94, South of Knob Noster, died at a convalescent home in Windsor, Saturday at 8:45 a.m. She had been in failing health the last few years.

Born south of Windsor on a farm near the Roseland Store, April 20, 1871, she was the daughter of the late John F. and Mary Ann Balke. She was married to Henry May, Ionia, Dec. 19, 1894, in Clinton, and they were pioneer residents of south of Knob Noster and Johnson County, settling on a farm south of Knob Noster where they spent their entire married life. She was christened, when an infant, in the German Lutheran Church, near Cole Camp, but later years became a member of the Cumberland Presbyterian Church south of Knob Noster known as New Church.

She was preceded in death by her husband on Sept. 22, 1922, and by a son, Elvis Henry May, a sister, Mrs. Catherine Balke Griefe and a brother, John Henry Balke.

For the past 28 years she made her home with her son-in-law and daughter, Mr. and Mrs. Neale Cooper.

Surviving are one daughter, Mrs. Neale (Mary E.) Cooper, of near Knob Noster, two grandchildren, four great grandchildren, one great great grandchild and one niece.

Funeral services will be held at the Gouge Funeral Home in Windsor at 1 p.m. Tuesday, with Rev. E. O. Farrier, to officiate.

Burial will be in the Knob Noster Cemetery.

The body is at the Gouge Funeral Home.

Bert C. Roberts (Stover)

Bert Craig Roberts, 80, Stover, died Saturday.

Born May 26, 1885, at Dunlap, Kan., he lived for 50 years in Kansas City where he was an employee of the Union Pacific Railroad. After his retirement he moved to Stover in 1963.

Surviving are his wife, Emma Roberts, of the home; one daughter, Mrs. Verda Samuelson, Starbrook, Minn.; two sons, Bert Carl Roberts, Baltimore, Md., and James W. Roberts, Kansas City; three step-daughters, Mrs. Lavera Lane, McPherson, Kan.; Mrs. Velera Jamieson, Downey, Calif.; and Ardella Kays, Kansas City, Mo.; one step-son, Norman Brunjes, Austin, Minn.; three sisters, Mrs. Kate Adams, Dunlap, Kan., and Mrs. Gladys Graves, Strong City, Kan.; and one brother, Ernest Roberts, Chanute, Kan.; five grandchildren; nine step-grandchildren and five step-great grandchildren.

Funeral services will be held at 2 p.m. Tuesday at the Stover Methodist Church, with the Rev. Murray Jones, officiating.

The body is at the Scrivner-Stevenson Funeral Home in Stover.

Elzie O. Williams (Versailles)

Elzie O. Williams, 79, died Friday at his home in Versailles. Mr. Williams was born July 22, 1886 in Morgan County, son of the late Thusten and Olive Downs Williams. He married Miss Mattie White Oct. 15, 1911. She preceded him in death April 1, 1963. A retired farmer, Mr. Williams had lived in the Versailles area and in Versailles his entire life.

Surviving are: three daughters, Mrs. Bonnie Carter, Kansas City, Kan.; Mrs. Lorine Peetree, Kansas City, Mrs. Elizabeth Carpenter, Versailles; three sons, Wesley Williams, Kansas City, Kan., and Elzie Orville Williams and Norman W. Williams, Versailles; four sisters, Mrs. R. M. Shore, Versailles, Mrs. James Collier and Mrs. Leonard Drysdale, Barnett, Mrs. Harry Mefford, Hubbard, Ore.; one brother, Alfred Williams, Versailles; 19 grandchildren; 12 great grandchildren. Preceding him in death besides his wife

and parents, were one son, Keith Williams, and a brother, Percy Williams, Sedalia.

Funeral services were at 2 p.m. Monday at Kidwell Funeral Home, Versailles, with the Rev. Kenneth Edmiston, Orrick, officiating. Burial was in Mt. Carmel Cemetery, 12 miles north of Versailles.

Mrs. Effie Jeffress (Independence)

Mrs. Effie Jeffress, 79, 1348 South Noland, Independence, formerly of Sedalia, died Friday night at Jackson County Hospital. She had been a patient there a week.

Mrs. Jeffress, the former Effie Wiperman, was born May 27, 1886 in Saline Co. She was married in 1904 to William L. Jeffress at Nelson. He died in December of 1948. The couple had farmed in Saline and Pettis County, moving to Sedalia in 1942. Four years ago, Mrs. Jeffress went to Independence to make her home. She was a member of Waldo Baptist Church, Independence.

She was the daughter of William and Jennie Wright Wiperman.

Surviving are: four daughters, Mrs. Nola Cawley, Mrs. Daisy Hooper, Independence, Mrs. Nellie Hook and Mrs. Louise Hudson, Kansas City; one son, Leonard Jeffress, North Kansas City; one sister, Mrs. Nola Wilson, Kansas City; one brother, Orville Wiperman, Kansas City; 13 grandchildren; 13 great grandchildren.

Preceding her in death, in addition to her parents and husband, were an infant daughter, Ruth Jeffress, and Mrs. Charles Trelow, another daughter; one son, William Lee Jeffress.

Funeral services were at 2 p.m. Monday at Gillespie Funeral Home, with the Rev. Walter P. Arnold officiating.

Ed Woodrell sang "Sunrise Tomorrow" and "The Old Rugged Cross", accompanied at the organ by Mrs. H. O. Foraker.

Pallbearers were grandsons.

Burial was in Memorial Park Cemetery.

Funeral Services

Frank H. Randall

Funeral services for Frank Harold Randall, 50, Tipton, who died at Warsaw, Thursday, were held at the Bethlehem Church, near Florence, at 1 p.m. Monday.

The Rev. E. A. Barton officiated.

Rev. and Mrs. Kenneth Carpenter sang, "The Old Rugged Cross" and "Beyond the Sunset", accompanied by Mrs. Orva Fisher.

Burial was in the Bethlehem Cemetery.

The services were under the direction of the Ewing Funeral Home.

Betty Jean Schultz

Funeral services for Mrs. Betty Jean Schultz, 39, 1415 East Booneville, who lost her life in an auto crash south of Lincoln, Saturday evening, will be held at the Ewing Funeral Home at 2 p.m. Tuesday.

The Rev. Delbert Pearce, pastor of the Church of the Open Bible, will officiate.

Pallbearers will be W. R. Hironimus, Maurice Kelley, Roy Martin, Henry Heinaman, Jr., Martin Reed, Jr. and Alvin Gamber.

Burial will be in the Crown Hill Cemetery.

The body is at the Ewing Funeral Home.

Emilie Bockelman

Funeral services for Mrs. Emilie Bockelman, 81, Cole Camp, who died Saturday, were held at 2 p.m. Monday at St. Paul's Lutheran Church, Cole Camp, with the Rev. Arlyn Saathoff officiating.

Burial was in the Cole Camp Memorial Cemetery.

Eddie Brown

Funeral services for Eddie Brown, 526 North Osage, who died Friday were held at 2 p.m. Monday at Grissom Temple CME Church, with the Rev. B. F. Sloan officiating.

Burial was in Crown Hill Cemetery.

Mrs. Elizabeth Gudorp

Funeral services for Mrs. Elizabeth Mary Gudorp, 80, 815 West 11th, who died Saturday, will be held at 9 a.m. Tuesday at the Sacred Heart Church with Rev. L. J. Gowney, pastor, officiating.

Pallbearers will be: Herman Dick, Claude Boul, Ralph Capes, Cleo McCoy, Charles Beasley, and Paul Burke.

Burial will be held at 2 p.m. Tuesday at St. Briget's Cemetery at Pacific.

The body is at McLaughlin

Burial was in the Payne Cemetery.

Robert S. Green

Funeral services for Robert Stanford Green, Kansas City, Kan., former Sedalian, who died Friday at the University of Kansas Medical Center, will be at 2 p.m. Tuesday at Burns Chapel Free Will Baptist Church. The Rev. W. L. Jackson, pastor, will officiate.

Pallbearers will be William Whitley, William Coolidge, Harrison Strother, Charles Allen, Louis Whitley, Warren Robinson.

Burial will be in Crown Hill Cemetery, under direction of Allen and Sons Chapel.

The family will receive friends from 8 to 9 p.m. Monday at Allen and Sons Chapel.

Accidents

Charles W. Jimerson, 17, Joplin, formerly of Sedalia, was admitted to Bothwell Hospital Sunday night for observation of injuries he reported he received in a one-car accident on South New York Avenue shortly after 9:30 o'clock.

Jimerson complained of back and neck injuries. He was examined by Dr. John Brazos and admitted. Jimerson remained hospitalized Monday.

Trooper Pete Stohr of the State Highway Patrol, who was notified of Jimerson being in the hospital, conducted an investigation. He was unable to locate the car, supposedly wrecked and overturned along the roadway. He said a search for the vehicle would be made Monday.

Jimerson went to 1810 South Montgomery and asked to be taken to the hospital, according to Trooper Stohr.

The Highway Patrol had no further information Monday morning concerning the location of the car.

A parked auto was struck by another car in a minor mishap at the intersection of Third and Kentucky at 6:05 a.m. Sunday. Police reported that Melvin Lorenzo Emerson, 57, 111 East Jefferson, who was driving a 1965 Chevrolet, told them he turned too short and struck the parked car. The other vehicle was a 1960 Cadillac, parked on Third Street, and owned by Clarence O. White, 300 West Third.

Damage was listed to the right front of the Emerson car and to the left rear of the White auto.

Two women were injured in a two-car accident at Third Street and Ohio Avenue about 1:29 a.m. Sunday. They were treated at Bothwell Hospital, admitted for observation and released later Sunday morning.

Injured were Mrs. Troy Scott, 21, Booneville, who received a bruised right shoulder and left knee, and Miss Betty Rapenski, 24, 316 W. Broadway, who complained of her back and an injury to one ankle. They were taken to the hospital in a police car and were treated by Dr. John Brazos.

The women were passengers in a 1956 Pontiac sedan driven by Mrs. Scott's husband and were accompanied by Bob Gilmore.

According to police, a 1955 Mercury sedan was being driven west on Third street by Joe Edvin Karman, Cole Camp, and Scott was headed north on Ohio when the cars collided. The right front and the right front door glass in Scott's car were damaged and the left front fender of the Mercury damaged.

Karman was given a police summons to appear in police court.

No injuries were received in two accidents on Highway 50 about a mile east of the Pettis and Johnson County line Sunday evening. The mishaps occurred within 10 minutes of each other.

The first accident was at 7:40 p.m. when a 1956 Plymouth coach, driven east by Donald Baxter, 20, Whiteman AFB was making a left turn and the car was struck by a 1955 Dodge sedan, driven by Sherman Bell, 69, 308 West Cooper, as he started to pass the Baxter car.

According to State Highway Patrol Trooper Pete Stohr, who

investigated the accident, Baxter reported he signaled for a left turn as Bell started around him.

The right front fender of the Dodge struck the left side of the Plymouth. Both cars were driven away under their power.

The second accident occurred about 7:50 p.m. when a '60 Ford sedan, driven by Richard Reuman, 19, Whiteman AFB, struck a 1957 Mercury sedan parked along the highway.

According to Trooper Stohr, Reuman said a car crowded him as he was passing and the right front fender of the Ford caught the front bumper of the Mercury tearing it loose.

Both vehicles were driven away under their own power.

Fires In City

Sedalia firemen blamed a cigarette on a divan for a blaze which caused \$500 damage Monday morning at the V. L. Stringer residence, 511 East Saline. The alarm was turned in at 8:06 a.m.

Both city fire companies responded to the alarm and used two booster lines to extinguish the fire. Damage was set at \$350 to the house and \$150 to its contents.

Police Reports

A table model radio found inside a paper bag at the rear of his home was turned in to police Monday morning by Clinton Muller, 615 West Broadway.

Police investigated a house burglary at 2400 West Second Street Terrace Monday morning, but officers said the loss could not be determined immediately as the owner, Kenneth Lange, is hospitalized.

Officers were called to the scene by a neighbor, Mrs. Mary Harris, 2342 West Third.

Wayne McMullin, 508 West Second, reported to police Monday that a .22 caliber automatic pistol had been stolen from his auto sometime during the past two weeks.

A bicycle reported stolen Saturday from Liberty Park was recovered Sunday, but the fork on the bike was broken. Police said the parents of the boy who took the bike and the parents of the bike's owner had agreed on a settlement and no prosecution was indicated.

Dennis Kreisler, 601 North Quincy, was the owner of the bike.

Police Court

The case of Melvin Ray Owens, 308 East Howard, charged with petit larceny in connection with the theft of gasoline from a truck at the Howard Ready Mix plant, was continued to Nov. 4.

Thomas E. Logan, 1002 Gorell, charged with careless and imprudent driving in connection with an accident, forfeited a \$25 bond.

The case of Garlan Ray Jobe, 615 East 17th, charged with careless and imprudent driving, was continued to Oct. 26.

Fred Andrew Amonds, Marshall, charged with driving while intoxicated, forfeited a \$75 bond.

W. F. Craighead, 1800 South Engineer, charged with driving 29 m.p.h. in a 20 mile zone, forfeited a \$10 bond.

The case of Liff Calvert, 251 East Booneville, charged with disturbing the peace on complaint of Sylvia Calvert, was

Informal Recreation Meeting Is Planned

An informal meeting between the mayor and City Council and members of a committee in support of the governor's outdoor recreation program has been scheduled for Tuesday night.

Mayor L. L. Studer said the meeting will be held at 7 p.m. in his office at City Hall.

The committee is headed by W. H. Bunn and is composed of Lions Club members. Its members and other interested citizens have been working to develop a 3,500-acre recreational area proposal for south of Sedalia with the area to include a 900 acre lake.

Melvin Jones, a Sedalia businessman, has been named by the County Court as chairman of a citizens committee to explore the project.

Police Investigating Major Burglary

Police were investigating a major burglary discovered Monday morning at the Western Auto store, 105 West Main.

Entrance was gained by prying the lock from a basement door at the rear of the store allowing access to the main floor of the building through the side.

Police reported \$904 in cash was taken from a locked cabinet. Also believed missing were two transistor radios and two tape recorders.

The break-in apparently occurred over night Sunday, police said.

Dismissed when the complaining witness failed to appear.

Donald Cramer, 2042 East Seventh, charged with running a stop sign, forfeited a \$5 bond.

Robert A. Belker, Kansas City, charged with running a red light, forfeited a \$5 bond.

Gerald A. Dewese, Kansas City, Kan., charged with running a red light, forfeited a \$5 bond.

Clara Duppas, Route 1, charged with running a stop sign, forfeited a \$5 bond.

The case of Melvin L. Emerson, 111 East Jefferson, charged with careless and imprudent driving in connection with an accident, was withdrawn by City Attorney John McCloskey.

H. P. Siefert, 104 West Main, charged with parking on private property, forfeited a \$2 bond.

Larry Porter, 1638 Honey-suckle, charged with parking on the wrong side of the street, forfeited a \$2 bond.

Don Benton, 2513 Margaret, charged with parking on the wrong side of the street, forfeited a \$2 bond.

James Arnest, 501 W. Broadway, charged with parking in a safety zone, forfeited a \$2 bond.

Plane Plunges Into Attic Of Marshall Home

MARSHALL, Mo. (AP) — A light plane plunged through the attic of a home, crashed in a street and rammed a park car Sunday.

Three persons in the plane suffered minor injuries, and two women in the house were not hurt.

Damage to the home of Mrs. John R. Wynn, an elderly widow, was estimated at \$2,000.

The pilot, Jerry T. Davis, 36, of Monticello, Ark., said the plane failed to gain altitude after taking off from the Marshall airport.

Davis suffered a cut on the head. The passengers, Thomas Eugene Maiter, 20, and his wife, Rosanne, 21, of Malta Bend, Mo., sustained cuts and bruises.

Mrs. Wynn and a friend, Mrs. Mary Drisler of Jefferson City, were drinking coffee in the kitchen when the crash occurred. A bedroom, which Mrs. Drisler had left only moments before the accident, was damaged heavily.

The plane was owned by Dr. Paul Wallick of Monticello.

Review of Week's News

EDITOR'S NOTE — A shrine for Wyatt Earp in Iowa. A snake shoot in Georgia. The birth of a fawn in Ohio. These make up glimpses from the U.S. scene this week.

PELLA, Iowa (AP) — There's a move afoot to turn the boyhood home of frontiersman Wyatt Earp into a historical shrine.

The Pella Historical Society has taken an option on the property and plans a drive for funds to buy and restore the building. Another structure nearby would become a museum.

Wyatt Earp, born in Monmouth, Ill., moved to Pella as a boy with his family.

His biographer, Stuart Lake, wrote of a time when Wyatt, then 14, ran away from home and caught a ride to Ottumwa, nearly 50 miles away, to enlist in the Union Army in the Civil War. The effort ended when he ran into his father and was sent home.

After the Civil War, when the Earp family migrated to California, Wyatt started the career that was to make him one of the most famous lawmen of the Old West. His brothers, Morgan and Virgil, joined him and became only slightly less famous.

They and the famous outlaw, John (Doc) Holliday, formed one side of the famed gunfight

in the OK Corral at Tombstone, Ariz., in 1881, where Virgil was town marshal and Wyatt was a U.S. marshal.

ALBANY, Ga. (AP) — The next time policeman Clyde Harold goes into anybody's yard to shoot a snake, he says he is going to be certain the occupant knows what is going on.

Harold, in his private automobile, was flagged down by a woman. She told him a snake was terrifying children in a nearby yard.

Harold raced to the scene, leaped a hedge, pulled his .38 revolver and began firing at the snake — which later proved to be a harmless racer.

Mrs. Bob Dilly, who lived at the address, didn't know what was happening. She heard the shooting, looked out the window and saw Harold, who was wearing his uniform, blazing away with his revolver.

She figured he must need help, so she telephoned for reinforcements.

Two patrol cars reached the scene and the occupants ran around the house to the backyard. All stood nonplussed for a moment.

"Well, I hit him six times," said Harold sheepishly.

TOLEDO, Ohio (AP) — An

obstetrician missed a birth in his own backyard.

But the baby thrived without his aid.

The young one was a fawn, the first born in six years to a deer kept by Dr. Charles C. Bayer on his nine-acre private preserve.

The doctor's grandson, Frank Foss, 14, came upon the fawn in some weeds a couple of days after its birth.

Deer are not the only animals on the Bayer place. He also has 75 geese, about 200 ducks, five sheep and a flock of bantam chickens — plus various transient animals.

Cancer Is Fatal To a City Editor

ST. JOSEPH, Mo. (AP) — William Don Houseworth, 62, city editor of the St. Joseph Gazette 21 years and a newspaperman 41 years, died Sunday of cancer.

The funeral will be Tuesday, 2:30 p.m., at a St. Joseph chapel.

A native of St. Joseph, Houseworth joined the newspaper staff in 1924. The only time he was away from St. Joseph was from 1933 to 1937 when he worked for a newspaper at San-

ta Barbara, Calif., and edited Lynns Weekly Stamp Magazine at Columbus, Ohio.

He published Don Houseworth's International Stamp Review from 1937 to 1942 in St. Joseph, then rejoined the Gazette and became city editor in 1944.

In 1956 he won the grand

People In The News

VATICAN CITY (AP) — Pope Paul VI has urged Catholics around the world to pray for missionaries of their church.

The pontiff spoke to 30,000 gathered in St. Peter's Square to receive his traditional Sunday blessing.

"Missions are at the center of our thoughts today, Missionary Day," the pontiff said.

He described prayers for missionaries as "the duty of all to favor the spread of the kingdom of God."

NEW YORK (AP) — Lyric soprano Gabriella Tucci rested at her apartment Sunday after a grueling two-performance stint Saturday at the Metropolitan Opera.

Miss Tucci sang "Marguerite" in Faust at the matinee and in the evening sang the role of "Mimi" in La Boheme. In the latter, she went on for Teresa Stratas, who came down with a virus.

Miss Tucci said: "Ten years ago in Australia I sang five operas in four days. I would not

THE SEDALIA DEMOCRAT—Sedalia, Mo., Mon., Oct. 25, 1965 5

really dare to do two performances in one day again for at least another 10 years."

HOLLYWOOD (AP) — Actor Tim Considine and actress Charlotte Stewart, who played sweethearts on the "My Three Sons" television series, were married Saturday night at Bel Air Presbyterian church.

Considine and his bride left for New York on a two-week honeymoon.

Majority Are Conformists

Beatniks and beards, riots and rebellions have convinced many people that today's colleges are breeding grounds for dissenters.

Just the opposite, says one educator. The vast majority of college students are "passive, conformist and docile"—and this, charges Prof. Joseph Katz of Stanford University, is just what our system of higher education is designed to make them.

He reports that when asked what they expected to be doing 10 years from now, students who took part in surveys in two universities replied with a description of routine life in suburbia. They didn't particularly like the prospect of such a future, but they accepted it.

Students, says Katz, "rank highest their own individual careers and future family life. Involvement in international, national or civic affairs and in helping other people ranked astonishingly low."

The prevailing student image of college is that it provides access to a better job and a higher income. It is a coveted club in which one has a

good time while acquiring friends, connections and a mate. Only a minority consider it as an opportunity to pursue intellectual interests.

The professor's indictment of colleges and collegians may be unduly harsh. The same criticisms could have been leveled at other generations, particularly in the days when college was the playground of the rich man's son.

That booming enrollments are primarily due to social and economic incentives rather than intellectual ones, as he points out, is not necessarily a condemnation of the status of higher education in America.

A sense of involvement in and commitment to the world and a respect for learning for its own sake have never been more apparent on the nation's campuses, even though the students who are fired with these ideals remain a minority.

Because the minority is a minority, however, there should be little dispute with Katz when he says, "The primary need (of colleges) is still to wake up students, not to constrain them."

Looking Backward

TWENTY-FIVE YEARS AGO
The Girl Scout Council which had its headquarters on the second floor of the Pettis County Court House, moved to the third floor of the Ilgenritz building. The room they vacated will be used by the draft board.

FORTY YEARS AGO
A cornerstone laying by Queen City Consistory No. 109, Thirty-second degree Masons and of Sheik Temple No. 113, Noble Order of the Mystic Shrine was held at the Temple, formerly Taylor's Chapel. Many dignitaries participated in the ceremonies. Among them were: Right Worshipful Grand Master of Missouri, Frederick W. Dabney, Kansas City; Deputy Grand Master, Andrew Cravens, Fayette; Grand Secretary, Dr. Leon Hill, Booneville; Grand Senior Warden, Thomas Bass, Mexico; Grand Junior Warden, C. C. Hubbard, Sedalia; Grand Commander, J. P. Ferrell, Sedalia; Grand Scribe, Solomon Monroe; District Deputy, Livingston White; Commander, D. P. Jones; Potentate, L. F. Morgan; Captain General, Press Moffitt.

Klan Taps Northern Police Files

By DREW PEARSON
WASHINGTON — One amazing aspect of the Ku Klux Klan is its ability to get confidential information out of the files of northern police bureaus.

Imperial Wizard Bob Shelton, the uncommunicative witness before the House Un-American Activities Committee, last spring was able to obtain the Detroit Police Department's confidential report on Mrs. Viola Liuzzo, the civil rights worker whose murder has been blamed on Klansmen.

This column can report that the confidential report on Mrs. Liuzzo was obtained from Marvin G. Lane, police commissioner of Warren, Mich., a suburb of Detroit.

Mrs. Liuzzo had lived in Detroit. Mr. Lane had secured her confidential report from the Central Intelligence Bureau of the Detroit police, and it has never been established whether the report was surreptitiously taken from the Detroit police files or released by them as a matter of courtesy.

However, the fact remains that the Klan got Mrs. Liuzzo's file, spread the word in Alabama that she had been three times married and a year before had been reported by her husband as missing, being finally located in Canada, where she wrote letters to her husband from a cemetery, giving the dates of people's deaths, including her own.

Circulation of such reports during the time of trial obviously was intended to influence the jury and probably did so.

Imperial Wizard Shelton, who has taken the Fifth Amendment 158 times, has had friends in high places. And this column reported in 1961 that he had been on friendly terms with Charles Meriwether, finance director of the State of Alabama in the administration of Gov. John Patterson.

Patterson's Payoff
Because of Patterson's political support for the late John F. Kennedy at the Democratic convention in Los Angeles, Kennedy appointed Meriwether as a director of the Export-Import Bank; and when this column published his record of friendship with the Imperial Wizard, it touched off a confirmation debate.

Senators Morse and Neuberger of Oregon, Gruening of Alaska, Clark of Pennsylvania, Javits of New York and Proxmire of Wisconsin were among those who fought bitterly against Meriwether's confirmation.

My original confrontation with the Klan resulted from the fact that I was publishing secret minutes regarding what went on at various klaverns. A Grand Dragon of the Atlanta Klan, Dr. Samuel Green, resented this bitterly. In various Klan meetings he used to denounce the Atlanta Journal, the Atlanta Constitution, Editor Ralph McGill, and me.

It is not difficult to penetrate secret meetings of the Klan. Its members are frequently delighted to talk. I have had various ex-Klansmen, and even members of the Klan,

SALT LAKE CITY DESERET NEWS: To Tell the Truth. — At the risk of incurring the wrath of law enforcement officers and of providing a ready-made alibi to everyone who drives faster than he should, we pass along the following report from the U. S. Bureau of Standards. For years, it seems, the automobile industry has been building odometers or mileage meters which erred up to 10 per cent on the plus side. Since the odometer is geared to the speed gauge, the motorist who thinks he is doing 70 is actually traveling at a safer 60 to 65.

After next Jan. 1, however, the auto makers have promised to start equipping all cars with odometers that tell the truth. Meanwhile, what about the agencies and employers who are out no small amount of money because they rent cars or reimburse employees for travel on a mileage basis? It would seem that the odometer makers owe them more than just an explanation.

One of every three British manufacturing industries' workers is a woman.

Unfinished Symphony

The World Today

See Hard Fight On Viet Front

By LEWIS GULICK
WASHINGTON (AP) — Whatever its other results, America's large-scale entry into the Viet Nam war has failed so far to produce a meaningful peace feeler from North Viet Nam. This report comes from U.S.

diplomats, who for six months have searched for any promising Red response to President Johnson's April 7 offer of "unconditional discussions" with the governments concerned.

One reason for the introduction of U.S. combat troops in the

South and air attacks on the North, Johnson said at the time, was to make "clear that the only path for reasonable men is the path of peaceful settlement."

Since then the Viet Cong moonsoon season offensive has come and gone on a much smaller scale than U.S. officials expected. The beefed-up U.S. ground forces often gave the guerrillas a bloody nose, and American bombers struck north with regularity.

Now the same Washington sources who once predicted major rethinking by Hanoi this fall are reporting that the Reds seem as determined as ever to slug it out.

If anything, Hanoi may have toughened its line.

A few months ago U.S. policymakers figured North Viet Nam might not be insisting on its four-point plan — which includes a withdrawal of foreign forces and acceptance of the Communist program in the South — as a precondition for talks. Now Red propagandists seem to be demanding the four points as a prerequisite.

This adds up to a gloomy outlook for a diplomatic solution any time soon. Instead, U.S. diplomats expect hard fighting ahead on the military front, and there is more talk about winning the war that way — without a peace conference.

On the Communist side, morale is a vital problem for Hanoi. The Viet Cong live in greater peril and hardship than their South Vietnamese government opponents.

The will to fight on for a vague and distant reward is the guerrillas' strongest armor, and peace talks could eat into that. So for the Red leaders, a military solution may continue to be more appealing than the conference table. North Viet Nam is still declaring that the "defeat of U.S. imperialism is beyond question."

And if the tide of battle goes against the Asian Communists, they have room in doctrine and experience for a tactical shift, laying low to strike again later.

Johnson voiced hope April 7 "that peace will come swiftly." At the same time he added:

"But that is in the hands of others besides ourselves. And we must be prepared for a long continued conflict."

James Marlow, who usually writes this column, is on vacation.

Two Plane Flights Threatened by Bombs

MIAMI, Fla. (AP) — FBI agents investigated today telephoned bomb threats directed at two Eastern Air Lines flights.

A Miami-New York flight, No. 72, was diverted to Jacksonville, Fla., Sunday night after a call was received at Miami that a bomb was aboard.

A second call received at Charlotte, N.C., forced a search of a Chicago-New York flight, No. 605. The flight was searched at its regularly scheduled stop at Raleigh. No bomb was found.

Eastern Airlines officials said the calls were made by two different persons.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

More Interest for State Money
State Treasurer M. E. Morris says that Missouri, under the Hearnes administration, will collect more than twice the amount of interest on its money than any previous administration. A statement of balances through the month of September shows the state has more than \$83.5 million invested in time deposits.

There are at least two main reasons for this increase in the amount of interest—"high rates and plenty of money," according to Morris.

"We're way over the budget director's estimate," said Morris, "mainly because the state used to get one per cent on its money but now it gets four per cent."

Since last November, when a federal agency raised the rates, the 430 banks contracted to hold the state's receipts have been paying the higher rate, Morris explained. On 30-day-notice money, for example, the banks put up 110 per cent collateral, usually in government securities, he added.

The increase in the amount of interest that the state will be getting is an indication of the increasing amount of work being handled by Morris's office. The work may be "routine — kind of like a bank," but it certainly is massive.

Consider the more than 300,000 checks a month which have to be sent out by the state. Checks for old age, aid to dependents and other pensions, in addition to such state payrolls as the highway department, etc.—all have to pass through Morris's office. "It's gotten to be a rather sizable operation as the years go by," Morris said.

The pace of the state treasurer's office work is one of the reasons he's "never pressed" for the opinion requested of Attorney General Norman Anderson some months ago. The opinion, in effect, would determine whether or not Gov. Hearnes had the power to allow some banks to hold the state's money, without paying interest, while funds were in the process of being collected.

Branches in larger cities, which collect taxes and license fees as well as pay salaries of workers, would deposit their collections in the banks, who, in turn, would credit the Director of Revenue. The money then would be remitted to the state treasury.

This transaction would take place "presumably within a week." During the administration of Gov. John Dalton, the money went directly to the State Treasurer. This is where Treasurer Morris and Governor Warren E. Hearnes had their earlier difference of opinion — which seems to have diminished.

Morris says he has no complaint if the transaction takes place immediately — in accordance with the law. If it's done this way, then the state doesn't stand to lose any money.

Candidates Filing With Secretary of State

With a special session in progress, hopefully solving the reapportionment problem, legislators also have their own personal political problems to cope with. One of them is where to file for the next election of State Representatives.

Under the old law, which is part of the system invalidated by the Supreme Court's "one man — one vote" ruling, a would-be representative files with the clerk of the county he wants to represent.

Seeing that new filing procedures would be necessary, the House, when it came up with its own plan to reapportion itself, included a provision in its proposal that called for the Secretary of State to accept declarations of candidacy.

But, because voters defeated the entire House plan of Amendment No. 3 in August, Secretary of State James C. Kirkpatrick has been advised he has no right to accept these filings. But Attorney General Norman Anderson's office also advised Kirkpatrick that he has no right to refuse declarations from candidates who wish to file on an "if-and-when" basis. To date, some 55 persons have filed as candidates for State Representatives.

In addition, 13 have filed for State Senate posts; nine for Representatives in Congress and five for Circuit judgeships.

Hilliard Home Hit By Burglars Sunday

INDEPENDENCE, Mo. (AP) — Melvin Hilliard, Jackson County collector, told police that jewelry, clothing and antique coins valued at \$25,000 were stolen from his home Sunday night.

Hilliard said he and his wife left the house and when they returned three hours later they found the front door ajar. The back door was broken.

The jewelry and coin collection were missing from a safe which had been pried open in a bedroom, Hilliard said.

He said most of the loss was covered by insurance. Hilliard, owner of an automobile agency, was elected collector in 1962.

West's five-club bid was an excellent example of what should have been successful flag flying. He would have only gone down one at five clubs, but his bid should have really succeeded since South refused to give up his good hand and went on to five hearts.

As you can see four hearts is a cinch and five hearts should go down one, but the defense cooperated to allow South to make his doubled contract.

West cashed two clubs and shifted to the queen of spades. South won with his ace and ran off all his trumps. He discarded four diamonds from dummy and when it came East's turn for his last discard he let a spade go in order to hand on to the ace of diamonds. This made dummy's fourth spade a winner.

East looked a trifle silly but the full blame should have gone to West. It seems that West's six discards in order were his last four clubs and the three and six of diamonds.

Why should West be blamed? To start, East had played the three of spades on the spade lead so West knew that his partner did not hold the king. Then East had failed to discard a spade on a heart. This showed that East did not hold all the missing low spades. Hence dummy's ten of spades was sure to be a trick for declarer. Therefore, the only way to beat the hand would be for East to hold four spades and hang on to all of them and West should have alerted East by the simple expedient of discarding his jack of spades at an early stage of the play.

THE WELL CHILD
Babies With Hearing Loss May Be Helped

By Wayne G. Brandstadt, M.D.
Newspaper Enterprise Assn.

"No child with a hearing problem need be mute." This is the message Dr. K. P. Murphy of Reading, England, has been preaching all over the world. He recently completed a tour of the United States and Canada where many clinics are enthusiastically adopting his methods.

The first essential is to recognize hearing loss in the first few weeks of life. Even an infant who is considered to be stone deaf can hear vowel sounds. If you shout "No" at him what he hears is O. All babies will try to imitate the sounds they hear but the deaf child can also learn to imitate consonants by watching your lip movements—a process similar to lip reading.

Since all babies need bushels of sensory stimuli for their mental development, it is important to talk to these babies. At the age of five months they can be fitted with a hearing aid. Since the bones of the skull are still growing, the ear plug must be replaced every six or seven weeks. The volume control is adjusted by a person specially trained in this work and is set at a point where definite response is elicited from the baby.

One of Dr. Murphy's first patients became valedictorian of her high school graduating class. Although she spoke with a slight "accent" no one had any difficulty understanding her. If a child with a hearing loss becomes mute it is because the adults caring for him have not tried soon enough or hard enough to train him to speak.

In his efforts to anticipate hearing loss early Dr. Murphy has devised a method of testing hearing before birth. He concentrates his attention on those mothers who have had German measles in the first three months of pregnancy or who have a family history of deafness.

An electronic vibrator, placed on the mother's abdomen, will convey sounds to the fetus but not to the mother. The intensity of the sound can be controlled. By monitoring the heart rates of both the mother and the fetus he watches for an increase in the infant's rate unaccompanied by any increase in the mother's. This he interprets as a response to the sound heard and when correlated with the volume necessary to elicit the response the acuteness of the child's hearing can be determined.

As yet none of the fetuses have talked back to him but when those with some hearing loss are born, Dr. Murphy has a head start in preparing to prevent this loss from becoming a major handicap.

BERRY'S WORLD

"I'm getting a true liberal education, dad—all my profs are Marxists!"

Democrat-Capital Class Ads Are Worthless You Can Afford To Hire Dial TA 6-1000.

The banjo, which originated in North America, is the only modern stringed instrument of western origin that employs a stretched skin membrane as the soundboard or belly. Popularity of the banjo among English-speaking peoples reached a climax in the last two decades of the 19th century when the number of strings became more or less standardized at five.

FARMING---

Across Pettis County

By LARRY HALE

Director, MU Extension Center

Dates Ahead

Nov. 3 — American Dairy Association Meeting — Smith-Cotton Cafeteria, 7:30 p.m.

Nov. 3-24 — Beef Cattle Disease Short Course at Lincoln Truck Stop, Registration Deadline: Nov. 1.

Nov. 8-29 — Swine Disease and Sanitation Short Course at Smith-Cotton High School, Sedalia, Registration Deadline is Nov. 3.

A.D.A. Meeting

Joe Davis, local A.D.A. representative, announced that the District meeting of the American Dairy Association will be held Wednesday night, Nov. 3, 7:30 p.m. at the Smith-Cotton Cafeteria.

Joe says all Dairymen are invited, whether or not they are A.D.A. members. A film on Dairy promotion will be shown.

Swine Disease Short Course

A Swine Disease and Sanitation Short Course is being offered to interested people in this area. This course will be held at the Smith-Cotton School in Sedalia.

The first session will be Monday night, Nov. 8 on Problems of the Breeding Herd. Second Session, Nov. 15 on Baby Pig problems. Nov. 22 on Infectious

Diseases of the Respiratory and Digestive Systems. Nov. 29 on Management Practices and Disease Prevention.

Classes will begin at 7:30 p.m. and last until 9 p.m. Small discussion sessions will be held to get your individual questions answered by Veterinarians.

Enrollment will be taken on a first-come, first-serve basis. If a minimum enrollment is not reached by Nov. 3, registration fees will be refunded.

Pre-registration is required.

Cattle Disease Short Course
The Cattle Disease Short Course is scheduled to be held at the Lincoln Truck Stop in Lincoln, Mo.

Programs to be presented are: Wednesday, Nov. 3, Diseases and Parasites are Costly and Cow Herd Problems. Nov. 10, Calfhood — Scours, Pneumonia, Parasites, Immunization. Nov. 17, Diseases and Problems of Reproduction. Nov. 24, Feeder Calf and Nutritional Problems.

This is an excellent opportunity to get first-hand professional information on Cattle Diseases. The University Instructors are Dr. A. H. Groth, Dr. S. L. Nelson, Dr. J. T. McGinty, Dr. C. J. Bierscheval, and Dr. L. D. Kintner, all from the School of Veterinary Medicine.

Each session will start at 7:30 p.m. The Registration fee will be refunded if a minimum enrollment is not reached. Deadline date is Nov. 1. Pre-registration is required.

Cull Beef Cows
Cattlemen preparing for the winter months with beef cow herds, are asking about the time to cull their herds.

Extension Livestock Specialist Melvin Bradley of MU says beef cows are usually culled in late summer or early fall. . . after the calf is weaned and when the cows have gained back some weight.

It's seldom profitable to winter a commercial beef cow if she is not nursing or carrying a calf. Many cattlemen find pregnancy examinations by a competent veterinarian a profitable management practice.

Mastitis
For dairymen, one of the biggest continual problems is mastitis.

Extension Dairyman Fred Meinershagen of MU says the first and foremost measure to control mastitis is the recognition that mastitis is a herd problem. . . and not just a problem with one or a half-dozen cows within the herd. Once this recognition is made, then broad measures to combat the infection can be successful.

The measures include a complete inventory of the herd, equipment, its operation, sanitation and management. This inventory should tell you what the level of infection is in the herd, and how to go about removing some of the causes.

The California Mastitis Test should be repeated monthly. A record should be kept of the level of infection and its trend in the herd.

Raising herd replacements or purchasing replacements as he-

County Corn Support Rate Set At \$1.08

Price-support loans for the 1965 corn crop will average \$1.08 per bushel in Pettis County, Samuel Hieronymus, chairman of the Agricultural Stabilization and Conservation county committee, has announced.

The 1965 total county corn support rates are based on a national average total support price of \$1.25 per bushel, consisting of a price-support payment of 20 cents per bushel and a loan rate averaging \$1.05 per bushel. Since the price-support payment is uniform, the difference on levels of price support among counties and individual farmers is reflected only in the loan rates.

The average county loan rate of \$1.08 per bushel is for 1965-crop corn grading No. 3, or No. 4 on the factor of test weight only but otherwise grading No. 3 except for moisture. Premiums and discounts for other grades and qualities are unchanged from those in effect in 1964.

The Chairman reminded growers that price support on the 1965 crop of corn is available only to farmers participating in the 1965 feed grain program. The support will be carried out through farm- and warehouse-stored loans, purchases and price-support payments. Loans will be based on actual production, while the price-support payment will be based on the normal production of the harvested acres.

Application for price-support loans and purchases may be made at the ASCS County Office. Unless demand is made sooner, loans will mature on July 31, 1966.

ers before they start producing will help avoid bringing new infection into the herd.

Prompt treatment of infected animals is important. . . but removing the possible causes of mastitis is more important.

Cull and sell for slaughter old infected cows. They are not profitable producers and are sources of reinfection. Most of them can not be completely cured of their infection.

Heating Central Farrowing Houses

Swine producers using central farrowing houses are asking about using electric heat for brooding pigs.

MU Agricultural Engineer Ken McFate says in new installations you may want to consider electric heating cable imbedded in the floor. Heat for every four or five pens should be controlled by one thermostat.

Heating pads designed especially for farrowing stalls are also available. Wattage should be about 30 watts per square foot of floor area.

A good way to provide heat in those houses already constructed is by the use of a good heat lamp installation. . . an overhead radiant pig brooder. . . or one of the newer electric floor mats that can be laid in the pig areas of the stalls. You should be sure these units are approved by the Underwriters Laboratory for safety.

HALF-AND-HALF—Hailed as the most promising development in aviation since the jet, this compound craft may be the shape of things to come for airbus commercial flights on heavily traveled routes between major cities. It also has great potential as a military vehicle in remote combat zones. A combination of helicopter rotors with fixed wing and jet propulsion, it can take off and land vertically but has the forward speed of conventional planes. This model, the Army's XH-51A, has reached 272 m.p.h. and engineers look for eventual speeds of 500 m.p.h.

District ADA Meeting Set For Sedalia

The District 4 membership meeting of the American Dairy Association will be held here at Smith-Cotton High School Cafeteria on Wednesday evening, Nov. 3, beginning at 7:30 p.m.

Joe W. Davis, Smithton, a member of the district board, urged dairy farmers to attend.

"The American Dairy Association is dairy farmer organized, dairy farmer financed and controlled," he said. "With increased competition among foods, it is necessary for every dairy farmer to take action to help sell the milk that he produces."

A short program consisting of films, discussion of activities and election of directors will be followed by distribution of prizes and refreshments.

District 4 is one of 13 districts in Missouri. Directors in the dis-

trict are: Amos Finkeldei, Sedalia; Frank Curtis, Odessa; B. M. Kincaid and Ray Pearl, both of Richmond; John McBee, Jr., Braymer; and Davis.

Counties included in the district are: Caldwell, Carroll, Cass, Clay, Jackson, Johnson, Lafayette, Pettis, Platte, Ray and Saline.

Same Train Hits Two Automobiles

AUGUSTA, Ga. (AP) — A Central of Georgia Railroad engine delivering freight cars to the yard Sunday struck a car at a crossing while entering the yards, dropped the freight cars, reversed, and struck another car at a crossing a block from the original accident.

One automobile driver received a cut on the hand. The other was unhurt. Both men were charged with reckless driving and failing to stop for the flashing lights at the crossings, police said.

Fall Wheat Signup Not Anticipated

No fall signup is expected to be held for any 1966 wheat program which may be made available, Samuel Hieronymus, chairman of the Pettis County Agricultural Stabilization and Conservation committee, has pointed out.

Legislation now is under consideration by Congress which would authorize continuation of a voluntary wheat certificate and a feed grain program. If these programs are enacted into law, the intention is to hold concurrent signups for both wheat and feed grains next spring.

While the wheat legislation being considered exempts the 1966 wheat crop from marketing quotas, it does provide for wheat allotments. Allotments have therefore been determined for next year's wheat crop as presently authorized, and notices of official farm wheat allotments for 1966 are being mailed to producers. Additional program information is dependent upon action by the Congress and will be made available to producers as soon as possible.

Any questions about the 1966 wheat allotments should be taken up with the ASC County Committee, as in previous years.

According to Hieronymus, the official farm wheat allotments for 1966 are lower than for 1965 because the national allotment is smaller. By law, the national acreage allotment is established at an amount which is expected to produce the total quantity of wheat required to meet anticipated needs. The total wheat needed for 1966 is about the same as was needed for 1965, but the general increase in yields means that the needed quantity can be produced on fewer acres. Nationally, the reduction in allotment acres is about 3.4 per cent.

Third Ranked Nebraskans Set To Meet MU's Tigers

Big Eight Title Big Goal In Top Game This Week

This is the week for THE game in Big Eight football.

Bob Devaney's unbeaten, third-ranked Nebraska Cornhuskers will meet Dan Devine's Missouri Tigers, beaten only by Kentucky, with the league title in the balance Saturday at Columbia, Mo.

Nebraska's Fred Duda passed for 208 yards, most of it in an awesome 31-6 first half, as the Huskers crushed Colorado's previously unbeaten team, 38-13 at Lincoln with Sugar Bowl and Orange Bowl scouts watching. Missouri licked Iowa State 23-7 at Ames to match Nebraska's perfect 3-0 league record.

Devine and Eddie Crowder, Buffalo coach, think Nebraska is No. 1. "Nebraska is the best football team in the U. S.," Devine said.

"Nebraska has some of the best college football players in the United States at five or six positions," Crowder said.

Oklahoma's talented young club made its Big Eight record 2-0 by whipping Kansas State 27-0 at Manhattan. Kansas ended a season-long victory drought by stopping Oklahoma State 9-0 at Lawrence.

Oklahoma meets Colorado at Norman Saturday and the result should help answer the question of whether the Sooners have improved enough under the coaching of veteran Homer Jones to move into the top three. K-State plays at Kansas, Oklahoma State at Iowa State in other games.

Nebraska went against a 22-mile-an-hour wind in the first quarter, but jumped ahead 17-3. Little Larry Wacholtz kicked a field goal, set up a T.D. with a 60-yard punt return and Duda fired a 95-yard T.D. pass to Freeman White, who was alone at his own 40.

"I figured a pass interception would be the same as a punt," Duda said. "I threw it out there and Freeman ran under it."

Members of Nebraska's 1940 Rose Bowl team were among 54,110 fans.

Missouri may have won the game when it won the toss, chose to go with the wind and jumped ahead 20-0. A fumbled punt led to one touchdown. Gary Lane passed 20 yards to Earl Denny for another. The last half was all Iowa State, but the Missouri defense was too tough.

Kansas' sophomore quarterback Bill Fenton, smallest player in the Big Eight at 5-foot-8 and 150 pounds, had 129 yards.

LODGE NOTICES

Neopolis Lodge No. 53, I.O.O.F. will meet Tues. Oct. 26th, 7:30 p. m. to confer the initiatory degree. All members please be present. Refreshments.

Passing Combo Destroys Game

By JIM VAN VALKENBURG
Associated Press Sports Writer

Tulsa's record-breaking passing combination, Bill Anderson to Howard Twilley, made a shambles of the big game in the Missouri Valley title race by crushing Cincinnati 49-6.

Cincy's defending Valley champions were No. 4 nationally in total defense but the amazing little Twilley took personal

charge of all the national pass receiving records, for one season and a career.

Anderson threw six scoring passes and moved closer to the national records for completed passes and season passing yardage, set by Tulsa's Jerry Rhyme last year.

Louisville, 2-0 in Valley play, still has a chance for the Valley title. The Cardinals play Wichita Saturday night at Louisville and Tulsa No. 6 at Tulsa.

In other games Saturday, Tulsa plays at Southern Illinois and North Texas at Cincinnati.

Air Attack Carrying Green Bay

By JIM HACKLEMAN
Associated Press Sports Writer

Stop Green Bay's running and you stop the Packers. Right? Wrong.

Even with their usually mighty ground attack way under par, the Packers won their first five games this season, mainly because Bart Starr was the National Football League's leading passer.

So, stop Starr and you stop the Packers. Right?

Wrong again. Starr was stopped and then some by Dallas Sunday, but Green Bay made it six in a row, beating the Cowboys 13-3 by cashing in on two fumbles and an interception.

Starr hit on only four of 19 attempts for 42 yards. He was thrown for losses five times for 52 yards by the quick Dallas defense. Net for the day for the NFL's No. 1 passer — minus 10 yards.

Rookie Craig Morton of the Cowboys suffered similarly — 10 of 20 for 61 yards, thrown for a loss nine times for 62 yards. Net—minus one yard.

Johnny Unitas, striking a more positive note, capitalized on a second chance and led Baltimore over Los Angeles 35-20 as the Colts kept on the Packers' heels in the Western Division. They're now 5-1, with their lone loss to Green Bay.

Johnny Brown put on one of the most magnificent performances in his career in a 38-14 Cleveland victory over New York that put the Browns all alone at the top in the Eastern Division.

The Washington Redskins gave the Browns an assist as they won for the first time this year, 24-20 over St. Louis, dropping the Cardinals out of a tie for the division lead. Cleveland is 5-1, St. Louis 4-2.

Pittsburgh also posted its first victory, clipping Philadelphia 20-14; Chicago kept rolling with a 38-10 romp over the Detroit Lions, and Fran Tarkenton led Minnesota on a last-half rally that carried the Vikings over San Francisco, 42-41.

Tom Brown's 27-yard return with an interception set up Green Bay's first score, a 44-yard field goal by Don Chandler. Then in the third period, Junior Coffey recovered a fumble by Mel Renfro on Dallas' 22 and Chandler broke a 3-3 tie with a 22-yard field goal.

A short time later, Willie Davis fell on a fumble by Don Perkins, giving Green Bay possession on the Cowboy seven. Jim Taylor took it in from there.

With the Rams leading the

charge of all the national pass receiving records, for one season and a career.

Anderson threw six scoring passes and moved closer to the national records for completed passes and season passing yardage, set by Tulsa's Jerry Rhyme last year.

Louisville, 2-0 in Valley play, still has a chance for the Valley title. The Cardinals play Wichita Saturday night at Louisville and Tulsa No. 6 at Tulsa.

In other games Saturday, Tulsa plays at Southern Illinois and North Texas at Cincinnati.

Twilley caught 14 passes for 226 yards and two touchdowns. Teammate Neal Sweeney grabbed 14 for 179 and three touchdowns. Twilley now holds the NCAA career records with 200 catches for 2,578 and his career total of 23 scoring passes equals the career mark set by Vito Ragazzo for William & Mary in 1947-49.

Twilley set NCAA one-season records last year with 95 catches for 1,178 yards. With four games left his totals this fall are 73 for 1,014. Barring injury he seems certain to rewrite both records.

Anderson at his current pace will finish with 272 completions for 3,198 yards, both far above Rhyme's NCAA marks of 224 and 2,870.

Overshadowed, perhaps, but still outstanding were two other Valley combos. Louisville's Benny Russell-to-Al MacFarlane and North Texas' Vidal Carlin-to-John Love. Russell hit 18 of 28 for 318 and MacFarlane caught 8 for 170 yards, one a 75-yard T.D., in a 23-7 victory over Marshall.

Despite a 55-20 loss to top-ranked Arkansas, Carlin hit 32 of 54 for 307 and Love caught 14 for 167. Love also returned a punt 67 yards for a T.D. that sliced the Arkansas margin to 14-13.

Wichita got its first victory of the season, 27-0, over Southern Illinois, with a 358-yard rushing game and the passing of John Eackman and Lou Confessori.

Colts 20-14 in the final quarter, Unitas connected with Jimmy Orr on what appeared to be a scoring pass, but the touchdown was nullified by a penalty. Then the Rams threw the Baltimore quarterback for a loss, but drew a penalty themselves.

Unitas quickly hit Orr with a 15-yard TD pass and the Colts tacked on two more touchdowns before it was over.

Brown demoralized the Giants with 177 yards running, one scoring pass thrown and one caught. Cleveland quarterback, Frank Ryan also was on target with three touchdown passes, including two to Walt Roberts.

Sonny Jurgensen, benched for ineffectiveness two weeks ago, sparked the Redskins in the upset of the Cardinals. He passed for three touchdowns, completing 12 of 14 for 195 yards.

The Steelers, who had intercepted only one pass in losing their first five games, stole four against the Eagles — three of them picked off by Jim Bradshaw. The defensive back ran one back 82 yards for a touchdown, and stopped Philadelphia drives with the other two.

Warrensburg Loses Again

No Change In Three-Way MIAA Football Title Bid

By The Associated Press

There was no change in the 3-cornered MIAA football race and the 2-team MCAU chase after Saturday's small college football activity. But Washington University fell out of the unbeaten ranks.

In the MIAA, Kirksville State defeated Cape Girardeau State, 27-7; Springfield State stopped Warrensburg State, 35-14, and Maryville State whopped Rolla, 40-12. Each winner is 2-0 in the conference and 5-0 overall.

Over in the MCAU, William Jewell won a non-conference game, 30-14 over Colorado college, and Missouri Valley lost outside the loop, 13-7 to Nebraska Wesleyan, but both maintained their 2-0 standings in the conference.

Washington, a loser for the first time in five starts, was bumped, 21-14, by Austin, Tex. In other games Illinois college trimmed Culver-Stockton, 13-6; Rose Poly defeated Central Methodist, 20-6, and Graceland bombed Tarkio, 34-13, in an MCAU game.

Springfield State rolled past Warrensburg State before a homecoming crowd of 10,000 as quarterback Dan Young and fullback Pat Hogan each ran for two touchdowns. Hapless

Warrensburg State saw its record sag to 0-2 in the loop and 0-6 overall.

Maryville State crushed the Rolla Miners before 11,000 home-comers. Quarterback Leo Pappas led the winners with a one-yard T.D. plunge and three scoring passes covering 9 and 20 yards for Maryville.

Kirksville State, defending conference champion, rolled on T.D. runs of 90 and 5 yards by Sharron Washington and Rich Gorzynski's 29-yard scoring throw to John Newcomb.

Title Bid Possible For Roman

By THE ASSOCIATED PRESS

This is the week Roman Brother can take a big step towards the 1965 championship for older horses.

The rugged 4-year-old gelding from Lou Wolfson's stable is slated to start in the \$100,000-added Jockey Club Gold Cup at two miles Saturday at Aqueduct. Off his decisive triumphs in the Woodward Stakes and the Manhattan Handicap, Roman Brother probably will go off the odds-on favorite.

Hill Rise and Knightly Manner, who finished one-two in the Man O'War Stakes last Saturday at Aqueduct, are among the eligibles for the Gold Cup, but both have been beaten by Roman Brother who is within hailing distance of \$1 million in earnings.

Moccasin, the unbeaten 2-year-old filly, warmed up for her anticipated meeting with Priceless Gem in the Gardenia Nov. 6, with a five-length victory over Swift Lady in the non-betting Selma Stakes at Laurel last Saturday. It was her seventh straight victory.

Moss Vale surprised by taking the Hawthorne Gold Cup by five lengths over Lemon Twist.

S-C Loses Grid Tilt

Smith-Cotton's eighth grade football team went against Warrensburg's freshmen and lost their first game of the season 26-0. After a 13-0 deficit at the half, Sedalia was unable to recover.

OUR BOARDING HOUSE with MAJOR HOOPLE

Spotlight To Leagues

By BOB GREEN
Associated Press Sports Writer

With Arkansas, Michigan State and Nebraska solidly entrenched as the Big Three, college football's spotlight now shifts to conference races and possible bowl selections—with some individual heroics thrown in for good measure.

Even the leaders, each sporting a 6-0 record, are eligible for close scrutiny going into the last half of the season.

Top-ranked Arkansas and No. 3 Nebraska still face major trials in quest of the Southwest and Big Eight titles and a possible second straight meeting in the Cotton Bowl.

Michigan State, ranked No. 2, appears to have the Big Ten crown and a spot in the Rose Bowl in sight. But the Spartans face a big threat to their high ranking in Notre Dame, once again the best of the independents and challenging to take it all should the leaders falter.

Here's how the major conference races shape up after Saturday action cut down four of the nation's Top Ten teams:

Southwest—Arkansas, 3-0 in league play, went outside the conference for a 55-20 romp over North Texas State and still must face Texas A&M, Rice, SMU and Texas Tech. Tech, 3-1 and a 26-24 victor over SMU, is the biggest challenge. Texas, No. 5 in the nation, lost its second straight in a 20-17 upset by Rice and fell from contention.

Big Eight—The title should be decided Saturday when Nebraska and Missouri match 3-0 league records. Nebraska's awesome offense rolled over

previously unbeaten Colorado 38-13 while Missouri, 4-1 overall, handled Iowa State 23-7.

Big Ten—Michigan State, 4-0, and Minnesota, 3-0, are the only unbeaten. They do not play. Michigan State, 14-10 comeback winner over No. 6 Purdue, is a clear-cut favorite in three remaining league games, but finishes against rough Notre Dame. Minnesota got by Michigan 14-13, but has a tough schedule with Ohio State, Northwestern, Purdue and Wisconsin remaining.

Southeastern—Loss by No. 10 Georgia let Auburn take the lead at 1-0-1 despite a non-conference 3-0 loss to Southern Mississippi. Georgia is 3-1 in SEC after 28-10 loss to Kentucky. Alabama is 3-1-1 after 21-10 rout of Florida State and ninth-ranked LSU 1-1 and 5-1 overall after 21-7 romp over South Carolina.

AAWU—Fourth-ranked Southern California has the consolation that it leads the Pacific Coast at 3-0 and has a week off following the 28-7 rout by revenge-minded Notre Dame, No. 7, and fullback Larry Conjar, who scored four touchdowns as the Irish atoned for last season's loss to the Trojans. UCLA, 3-1-1 overall, crushed California 56-3 in its first conference start.

Missouri Valley—Record-breaking passing combination of Bill Anderson and Howard Twilley make Tulsa the class though Louisville is also 2-0 in league play. Anderson, gunning for the completion and yardage records, passed for six touchdowns in 49-6 rout of Cincinnati. Twilley, who now holds or shares all major college career receiving records, took 14 for 226 yards.

Ivy League—Princeton and Dartmouth each 5-0 overall and 3-0 in league. Princeton clubbed Penn 51-0 with Charlie Gogolak

kicking three field goals for record of 14 for season. Dartmouth took Harvard 14-0.

Atlantic Coast—North Carolina State, 2-3, upset Maryland 29-7 dimming the Terps', 1-2, chances for title contention. Clemson, 3-0, Duke, 2-1, and South Carolina, 2-1, are the three top teams. All three played nonconference games. Clemson edging TCU 21-7 and Carolina losing to LSU 21-7 and Duke bowing to Illinois 28-14.

Western Athletic—Wyoming, 5-1 over-all, is the team to beat but shares the lead with New Mexico, both 2-1. Wyoming whipped Brigham Young 34-6 while Arizona State upset New Mexico 27-14.
